TEMPORARY DISCONNECTION OF SERVICES

Should you require temporary discontinuance of water service, please contact Public Service at (954) 746-3232 to schedule the dates for disconnection and reconnection. The service fee for turn-off or turn-on of water is \$15.00 per meter.

Base charges for water and wastewater (sewer) will continue to bill monthly, even when services are off.

PERMANENT DISCONNECTION OF SERVICES

When premises are permanently vacated due to sale of property, completion of lease term, etc., there are charges to close the utility accounts of vacating utility customers. The service fee is \$15.00 per meter for water accounts. Deposit refunds due to utility customers will generally be issued within four to six weeks of the closing of accounts. It is the customer's responsibility to provide a forwarding address.

DISCONNECTION OF SERVICE FOR NON-PAYMENT

Utility bills are considered delinquent if not paid within 21 days of issuance, and services are subject to disconnection if payment is not received within 45 days of billing.

The charge for disconnection and reconnection of water is \$50.00 for each meter. If water service has been disconnected within the preceding six months, the water disconnection and reconnection charge increases to \$70.00 for each meter.

Service will be restored after full payment of the past due balance and service charges is received in cash, cashiers check, money order, credit card or debit card ONLY. The City's policy is to attempt to reconnect within 24 hours of payment. However, we strive to provide same day service if possible.

Under no circumstances is any customer or individual other than an authorized City representative permitted to turn water back on. In the event this occurs, a \$100.00 meter tampering charge will be assessed, and service will be disconnected with additional charges.
